

SUKESH BASKARAN

Chennai, Tamil Nadu | bsukesh07@gmail.com | +91 93606 63176

PROFESSIONAL SUMMARY

SEO Specialist with hands-on experience in keyword research, on-page optimization, technical SEO audits, and schema markup. Proficient in AEO (Answer Engine Optimization), GEO (Generative Engine Optimization), and voice search optimization for enterprise PropTech platforms. Skilled in AI-powered SEO workflows using Claude and prompt engineering. Background in AI & Data Science with a strong, data-driven approach to organic growth.

WORK EXPERIENCE

SEO Executive

Property Automate (propGOTO) — Chennai

Jul 2025 – Present

- Executed end-to-end SEO implementation for the Property Automate website relaunch (Nov 2025), including technical audits, site architecture, and on-page optimization
- Increased website traffic by 53% and organic impressions by 73% (16K to 27.7K) through targeted SEO and content optimization
- Improved average keyword rankings in India from 14.1 to 10.0 and UAE rankings from 49 to 22.6 within 3 months
- Achieved and maintained Rank #1 positions in India for high-intent keywords including commercial property management software, township management software, and community association management software
- Optimized solution pages targeting high-intent SaaS keywords including facility management software, workplace management software, broker management software, residential property management software, and real estate CRM
- Implemented AEO, GEO, and voice search optimization strategies to improve visibility in Google AI Overview and featured snippets
- Developed and deployed advanced JSON-LD schema markup (FAQPage, SoftwareApplication, WebPage) across key pages
- Strengthened internal linking and content structure to improve crawlability and keyword performance
- Executed SEO strategies across multiple markets including UAE, Saudi Arabia, India, and GCC regions
- Leveraged Claude AI for content optimization, keyword expansion, and SEO workflow automation
- Managed Google Ads campaigns, including keyword targeting, ad setup, and performance monitoring

SEO Intern

Property Automate (propGOTO) — Chennai

Feb 2025 – Jul 2025

- Conducted keyword research and on-page optimization using Google Search Console and Screaming Frog
- Implemented internal linking strategies and content structuring to improve organic visibility
- Contributed to backlink strategies via guest blogs, microblogs, and business listings
- Learned advanced techniques including Speakable Schema, voice search optimization, and Google Ads basics

AI/ML Intern

Pantech Prolabs India Pvt Ltd — T. Nagar, Chennai

Jun 2023 – Jul 2023

- Completed one-month internship focused on core Machine Learning and Artificial Intelligence concepts
- Worked with Python-based AI/ML libraries (Pandas, NumPy) for data manipulation and cleaning
- Applied supervised learning algorithms including Linear Regression, KNN, and Decision Trees in mini projects
- Gained practical exposure to data preprocessing, feature scaling, train-test splits, and model evaluation
